

出國留學前 疫苗接種計劃

接種疫苗人士必須帶同疫苗接種紀錄卡(針卡)。如果未能提供此證明文件，則需根據個別院校的要求，重新接種疫苗或支付額外費用進行相關的抗體檢測。接種疫苗人士必須預留最少6個月時間完成整個疫苗接種計劃。

建議接種時間是以香港藥物註冊及衛生署指引為準，如需前往其他國家或地方，或曾接受其他地方的疫苗注射，建議先諮詢醫護人員。

* 若不適合使用疫苗接種計劃，每種疫苗將按單獨收費，具體費用會因疫苗種類而有所不同，詳情請諮詢醫護人員。

Vaccination Programme for Studying Abroad

Individuals receiving vaccinations are required to present their vaccine administration records (vaccination cards). Failure to provide this documentation may result in the need to comply with the specific institution's regulations, which may include revaccination or payment of additional fees for conducting relevant antibody test. Vaccine recipients are advised to allocate a minimum of six months to complete the entire vaccination schedule.

The suggested timing for vaccination should adhere to the guidelines outlined by the Hong Kong Drug Registration and The Department of Health.

If there is a need to travel to different countries or regions, or if prior vaccination has been received in other regions, it is recommended to seek medical consultation from healthcare professionals.

* If the vaccination programme is deemed unsuitable, each individual vaccine will be charged separately. The specific fees may vary depending on the type of vaccine. For further information, it is recommended to consult with healthcare professionals.
